

MONTT WALEX MANAGEMENT CONSULTING

Corporate Profile

About Us

Welcome to Montt Walex Management Consulting. We are region's leading management consulting firm that serves wide range of businesses, government and non-governmental organizations in the field of quality, health & safety and environment.

Montt Walex Management Consulting ability to provide a diverse range of professional, technical and management solutions greatly enhances the resources and technical capabilities available to our clients.

We aim to be the best at all that we do-to help clients realize their ambitions; to make a positive difference in society; and to maximize the success of our people.

That's what makes us truly different at Montt Walex Management Consulting. Not how big we are, where we are, nor what services we offer, what really defines us is our drive to make an impact that matters in the world.

Our Mission

Montt Walex Management Consulting will succeed as a solutions-based multi-disciplinary consulting services company recognized both locally and globally as a leading-expert in the fields in which we service.

Through continued work experience and professional development, we will stay on the forefront to consult our clients on the latest industry practices, innovations and solutions.

Our Values

Montt Walex Management Consulting was built on our core values of integrity, sustainability and performance, which set clear standards for our conduct as a business. We aim to work to the highest ethical standards and we measure our success by the enduring quality of our work.

Customer Charter

We measure our success by our clients' success. We seek to identify our clients' real needs, not just deliver good work. In trade-offs between Montt Walex Management Consulting and a client's interest, the client comes first.

Corporate Responsibility & Sustainability

Montt Walex Management Consulting CR&S strategy in the Middle East begins with our core business strategy and extends to the way we interact with our clients, our people and the communities we work and live in. In essence, this strategy embodies Montt Walex Management Consulting purpose of making an impact that matters.

Our CR&S strategy is based on four core pillars; business, people, community and the environment. Taken together, these represent a consolidation of our most significant impacts and the key concerns and expectations of our stakeholders.

Quality & Safety is our highest priority

In projects execution we are always close to our client's cultures and objectives, in the broadest sense. The health and the welfare of everyone who works with us is our number one objective. Safety and quality have our highest priority and form the basis of our operations.

Our quality system encompasses all procedures and systems to meet high requirements. Furthermore, we take a proactive approach in partnering with clients and stakeholders. As a result, we maintain long-lasting relationships with many companies.

Services we provide

Montt Walex Management Consulting delivers tailored and comprehensive environment, quality, and health & safety management consulting and compliance services to multi-sector clients in the Middle East region. From corporate-level policy development and enterprise-wide assessments and support, our team provides our clients with complete solutions to eliminate or reduce EHS risks and then proactively establish programs to manage the remaining EHS responsibilities in a cost-effective manner.

- **Safety & Risk Management**
- **Management Systems & ISO Certifications**
- **Environmental Management, Permitting & Compliance**
- **Gap Analysis & System Maintenance Support**
- **Auditing**
- **Trainings**

Management Systems & ISO Certifications

At Montt Walex Management Consulting we pride ourselves on our ability to evaluate and respond to customer needs. This is evidenced in the breadth of services we offer.

Our industry experienced consultants can guide you right from policy formation till compliance check for the system after implementation, so that you can be certified to the standard that meets your business requirement.

Our ISO consultants will work closely with you to ensure successful implementation of the System and guaranteed certification of your business.

Our customers acknowledge that this approach delivers a competitive edge whereby effectively managing increasing complexity, uncertainty and change within their business and engineering delivery needs.

Services offered (but not limited to):

- **Environment, Health and Safety Management System development & implementation as per (Intl. Standards & local regulations i.e. OSHAD, ADNOC COPs, EHS TRAKHEES compliance)**
- **Risk Assessments- Qualitative & Quantitative**
- **Construction safety management**
- **Safety Manuals & HSE Plans**
- **HSE Management Systems**
- **HAZOP**
- **HAZID, ENVID, OHID**

Gap Analysis & Maintenance Support

Maintaining and continually improving your management systems requires a sustained focus and vision. Maintaining certification underscores this fact. Companies often lose momentum, focus, and commitment after achieving initial certification. The result is a scramble to prepare for Surveillance Audits, stress and anxiety during the Surveillance Audit, and an unplanned commitment of resources to deal with the aftermath.

Montt Walex Management Consulting's System Maintenance program is for companies that wish to outsource or augment the resources needed to maintain and improve their QHSE or other management systems with Montt Walex's experts. Montt Walex has the experts and experience to deliver a custom-tailored program.

Auditing

Montt Walex Management Consulting has the experienced and qualified Auditors you require to turn your internal auditing system into an effective continual improvement tool.

Auditing Services Offered:

- **Internal Audits for Management Systems**
- **3rd part audits**
- **Energy Audits**
- **Environmental Compliance Audits**
- **Waste Management Audits**
- **Independent Site Safety Audits**

Trainings

High quality trainings are at the core of Montt Walex Management Consulting capabilities. We have been providing a wide variety of compliance, best practices and management training programs to help individuals and teams. We apply our broad and extensive industry expertise to best demonstrate the applicability of whatever quality, environment, health, and safety training subject that we are covering. Our training services go beyond basic regulatory compliance requirements, which make the time participants spend in training more productive and worthwhile.

Training offered are as under (but not limited to):

- **QHSE Management System Awareness Training**
- **Internal Audit Trainings**
- **Risk Assessment**
- **Waste Management**
- **Lead Auditor ISO 9001**
- **Lead Auditor OHSAS 18001**
- **Lead Auditor ISO 14001**
